

Continental Oak Faded White Ultramatt Hardwax

Pre-finished by hand giving our Oak a light Nordic touch. The wood is bleached and oiled and can be soaped and reoiled time after time to nourish and protect the surface patina. This finish works well on both select graded or more rustic wideplanks in random widths and long boards for floor or wall.

Species	Continental (European) Oak
Finish*	Ultramatt Hardwax-Oil
Origin	European Oak (Quercus Robur) mainly over 80 years old. Grown in responsibly managed central European forests.
Maintenance	This finish can be cleaned regularly using our Natural Oil Soap, which feeds and strengthens the surface over time.
Spot repair and Refinish	Professional maintenance with our Maintenance Oil will make this finish richer and protect it over time. Spot repairs are possible with our touch-up kit.

Structure**

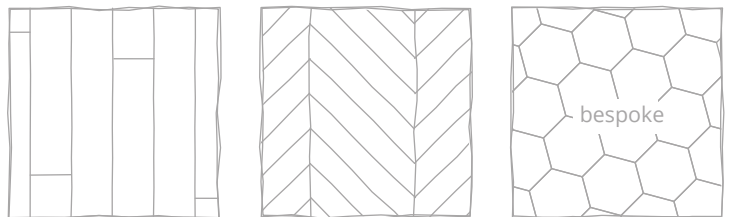

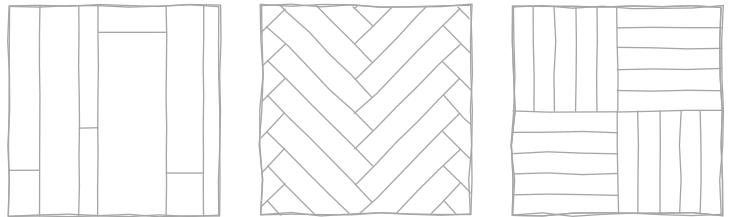

Engineered: 19.5 +/- 0.5 mm, top layer 4.5 +/- 0.5 mm

Solid: 19.5 +/- 0.5 mm

Recommended patterns

*) Whilst our sampling and photography endeavours to show grain and colour as natural as possible, a sample or photo are never an exact representation of an entire floor. Wood being a natural material, variation in colour and grain exists, floors may change appearance over time through exposure to light, wear and tear and maintenance.

**) Prefinishing of solid floors may be subject to more strict recommendations for limited board dimensions and climate control. Read further on the next page.
